**RIGA is NORDIC DESIGN when it's best.**

With the lean design and black colours inside and outside, will you always get an elegant solution no matter how and where you place this model.

RIGA convenience coolers can be used as stand-alone or in lines where you combine more units to create a line.

Back to back or used as an island with neutral corners in same design gives you the possibility to build a shop in shop solution

And if you focus on GREEN solutions, can RIGA models be equipped with doors.
